ABOUT 8th PRINT & PACKTECH WORLD EXPO 2025

The **8th Print & Packtech World Expo** scheduled from **November 14 to 16, 2025** in Bangalore, India, is a premier event dedicated to showcasing advancements in the printing and packaging industries. This exhibition highlights the transformative journey of these sectors, which have become pivotal to modern business operations.

The event emphasizes the evolving roles of both printing and packaging. Printing has grown beyond traditional applications, embracing cutting-edge technologies like digital, 3D and eco-friendly solutions to meet modern demands for precision, speed and sustainability. Meanwhile, packaging has transformed into a critical market differentiator, combining functionality, innovation and design to enhance product appeal and consumer engagement. Together, these industries are shaping the future of how products are created, presented and delivered.

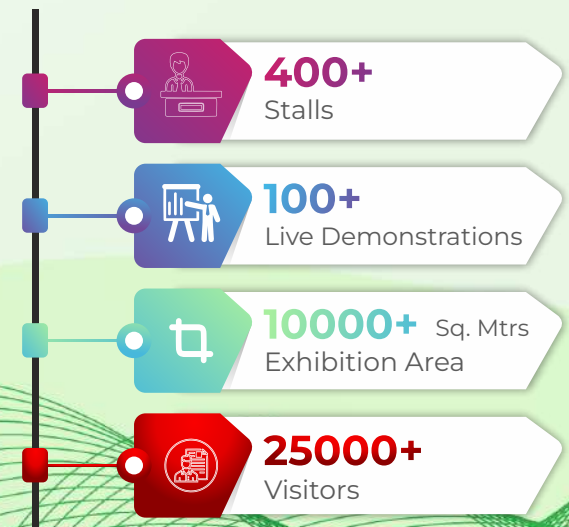

Print & Packtech World Expo 2025 will focus on the synergy between printing and packaging processes and their supply chains, underscoring India's potential to emerge as a global leader in these fields. It provides a platform for stakeholders to explore the latest innovations, assess investment opportunities and understand the trends shaping the future of these industries.

This edition of the Expo is designed to highlight the industries' capacity to drive growth, meet competitive challenges and position India as a hub for printing and packaging excellence.
